The Greedy Fox

once upon a time, in a quiet forest, there lived a very greedy fox. He was always looking for food, even when he wasn't hungry. One sunny day, while walking through the forest, the fox smelled something delicious. Following the smell, he found a farmer's kitchen with a big loaf of bread, some meat, and a jar of honey sitting on the windowsill

The fox's mouth watered. "What a feast!" he thought. He waited until the farmer went inside and quickly snuck up to grab the food. He ate the bread, gulped down the meat, and licked the honey until the jar was empty. "I feel so full," he said, patting his belly. But he still wanted more!

The fox spotted a narrow hole in the farmer's fence and squeezed through it to explore the farm further. On the other side, he found a big basket of fruits. He thought, "I can't leave this behind!" Even though his stomach was already full, he began eating the fruits.

After a while, his belly grew so big that when he tried to squeeze back through the fence, he got stuck! he wriggled and squirmed, but it was no use. The greedy fox had eaten too much.

The farmer heard the commotion and came out.

When he saw the fox stuck in the fence, he laughed and said, "Greed always gets you into trouble!" The farmer freed the fox, but not before giving him a good lesson on being greedy.

The fox waddled back to the forest, promising never to be greedy again. From that day on, the fox learn to eat only what he needed.

READING IMPROVEMENT

To improve your reading skills, focus on building a consistent and mindful reading habit. Start by choosing material that matches your current reading level but also challenges you slightly to expand your vocabulary and comprehension. Break the text into smaller sections and read actively, asking yourself questions about the main idea and details. Practice reading aloud to improve fluency and confidence, and don't hesitate to reread difficult passages to gain clarity. Additionally, summarizing what you've read in your own words can strengthen retention and understanding. With time, patience, and regular practice, your reading skills will steadily improve.

The Two Friends and the Bear

Once upon a time, two friends were walking through a forest. They had promised to stick together no matter what. Suddenly, they saw a bear coming toward them. One friend quickly climbed a tree to save himself, leaving the other behind. The second friend couldn't climb, so he lay down on the ground and held his breath, pretending to be dead.

The bear came close, sniffed him, and thought he was lifeless, so it walked away. Once the bear was gone, the friend in the tree climbed down and asked, "What did the bear whisper to you?" The friend replied, "The bear told me to avoid friends who run away in times of trouble."

Moral: True friends never abandon each other in difficult times.
